Dear Parents,

Our students have directed a message of thanks to their teachers yesterday on the occasion of the "Teachers Day" through the director's forum they have attended. Students thanked teachers on their huge efforts all year long and for providing them with effective learning opportunities. They expressed their gratitude for having their amazing teachers with them and accompanying them through their learning journey. We also thank our teachers for all the efforts they do to support our students' success.

All of our faculty will attend the teaching and learning forum this coming Sunday, organized by the Education Development Institute in Qatar Foundation for a whole day. The forum will cover educational workshops like positive behavior, parental involvement and successful classroom practices.

Our students will not be in school on that day so we advise that they use the time in reading in English and Arabic to improve their skills and follow up on their homework and school projects.

Thank you,  
Maha Al Romaihi  
Deputy Director

## Principal's Message:

Dear Parents,

It is nice to see our students able to play outside more often and utilize the school gardens, as the weather becomes cooler. It is also lovely to see you join us in the morning sharing the National Anthem. You are most welcome!

We have had a very student-led week this week as we watched various Grade Level assemblies and we welcomed Parents. Students have visited and boarded a stationary Tram – see the pictures below - where they had the chance to go inside and explore it for 'real'. Grade 4's visited HBKU and took part in the launch and promotion of Stars of Science..... watch this space for more details! KGF held a Story Party in their classroom, demonstrating their literacy skills in colourful books they had made, on the Very Healthy (and Hungry) Caterpillar!

We were happy to announce our Student Council Representatives this week, chosen from Grade 1 to 5. This will give our students an opportunity to develop their leadership skills by organizing and carrying out school activities and service projects, representing the voice of the rest of the student body.

The winning House Team this week was yellow Oryx. Congratulations to all our students who earned Awesome cards and let's see who wins next time.

Just a reminder that After School Activities start on Monday 8<sup>th</sup> Oct, 1:40pm – 2:40pm when children will need collecting from the tented area.

Thank you to all the Parents who supported Teacher Appreciation Day, it was a very nice gesture. Many thanks for meeting the Teachers this week to share your child's progress and next steps. Only 12 days to the Parent presentation by the leadership team, on the 17<sup>th</sup> October at 7:15 am in the Auditorium, see you there..

**Just a reminder, school is closed for students on Sunday 7<sup>th</sup> October, as all staff are at a Teaching & Learning Forum.**

Have a super weekend and thank you for all your encouragement and support so far.

Marie
